

# Gas Equipment

---

## New Standards & Editions

---

**ANSI Z21.84-2002, 2nd edition**  
*Manually Lighted Natural Gas Decorative Gas Appliances for Installation in Solid-Fuel Burning Fireplaces* . . . . . \$450

This standard details test and examination criteria for manually lighted, natural gas, decorative gas appliances that are for installation in solid-fuel burning fireplaces and that are for use with natural gas only at a maximum input rating of 90,000 Btu/hr. These appliances do not incorporate a pilot burner or an automatic gas ignition system. The main burner is intended to be lighted by hand each time the appliance is used.

**ANSI Z83.11-2002/CSA 1.8-2002, 2nd edition**  
*Gas Food Service Equipment* . . . . . \$695

This standard details test and examination criteria for gas food service equipment for use with natural, manufactured and mixed gases, propane, liquefied petroleum gases and LP gas-air mixtures. The standard provides coverage for the following:

- ranges and unit broilers
- baking and roasting ovens
- counter appliances
- deep fat fryers
- kettles
- steam cookers
- steam generators.
