CAN/CSA-ISO/TR 10017:03, 2nd edition

Guidance on Statistical Techniques for ISO 9001:2000 (Adopted Technical Report ISO/TR 10017:2003, second edition, without modification) \$100

The purpose of this technical report is to assist an organization in identifying statistical techniques that can be useful in developing, implementing, maintaining and improving a quality management system in compliance with the requirements of ISO 9001:2000.

This technical report is intended to guide and assist an organization in considering and selecting statistical techniques appropriate to the needs of the organization. The criteria for determining the need for statistical techniques, and the appropriateness of the technique(s) selected, remain the prerogative of the organization.

Under Development

Drafts for Public Review

Please note: Public comments about draft standards, proposed amendments, proposed adoptions and proposed endorsements listed in this issue are due by February 18, 2004.

Proposed Adoption

For more information about the proposed adoption of the following ISO standard, contact David Zimmerman at 416-747-2479 or david.zimmerman@csa.ca:
